for colon-typhoid group isolation and differentiation, ...2353, 8631
composition, effect on bacterial counts in milk, ...14665
on bacterial growth, ...20717
cystine, for anaerobes and spirochaetes, ...2852
content of gelatin and peptone for, ...20758
differential, colorimetric method, 20697
for diphtheria bacillus, synthetic, effect on growth, virulence and toxin production, ...14266
for dysentery bacillus, bile-blood in, ...2195
isolation, ...14512
Culture media (continued)
effect on electric charge of bacteria, ...20055
on sugar content of bacteria, ...2016
for Entamoeba, ...20204
for explanted monocytes, significance of ions in, ...18001
for flagellates of human mouth, ...20250
Fränkel's, for detoxication of hydrocyanic acid for bacteria, ...8609
for fungi, need of Fe, Cu, and Zn in, 5203
gelatin in, effect on bacterial growth, ...20712
glucose in, effect on bacterial growth, ...20682
for gonococcus, ...8612
liver-extract agar, ...20738
for Hemophilus ducreyii, ...14502
hydrogen-ion buffers as affecting fungous growth in, ...796
hydrogen-ion determination in, ...5755
immune sera in, effect on bacterial growth, ...8200
as influenced by sunlight, ...20677
ketone- vs. aldehyde-sugars in, ...777
leaching of, effect on germination of resting structures in fungi, ...15344
for legume-nodule bacteria, ...8543
for lipase-producing bacteria differentiation, ...8650
liquid, control of composition, ...21483
for Mycobacterium group, Fe and Na citrate in, ...14715
for Oxytricha, division rate as influenced by quantity, ...18936
paraffin and stearine lining of vessels as affecting survival time of organisms in, ...7249
for Paramecium, soil as factor in, 22056
for paratyphoid-group isolation and differentiation, 8581, 14512, 20669
ammonium chloride-rhamnose agar, ...20708
for Pasteurella differentiation, ...8581
Petroff's modification, ...20722
phosphate buffer in, effect on N metabolism of bacteria, ...20735
for Planaria dorotocephala, ...11845
for planarian explants, optimum conc., ...9910
potato-hydrogen peroxide, in differentiation of qualitative groups of bacteria, ...2342
for preservation of bacterial cultures, agar fluid in, ...20617
guinea-pig blood in, ...20709
for proteolysis determinations, ...8619
for proteolytic bacteria of milk, ..14629
protozoan succession in, ...22069
for spirochaetes, ...8628, 14114
sterilization, by ultraviolet light, 20601
synthetic, for metabolism studies of pathogenic bacteria, ...20618
osmotic pressure as influencing bacterial growth in, ...20675
for tubercle bacillus, ...20714
glycerol-potato, ...14723
Hohn's, ...20461
organ extracts in, ...2361
Petroff and Petragnani media compared, ...2328
for typhoid bacillus, differential, 14512
enrichment, ...20555
malachite green in, ...2360
for typhoid-dysentery group, enrichment, ...20684
for typhoid-paratyphoid group identification, synthetic, ...8648
volume effect on growth of yeast, 17925
Culture technique. (See also Anaerobes; Bacteriological technique; Culture media; Tissue culture. In the main, the indexing appears under the names of organisms, e.g., Bacillus tuberculosis, Endamoeba; also under ingredients, e.g., Peptone.)

chelidonine vs. cathartics, on intestinal spasms, ...19101
chloral hydrate vs. epinephrin, on heart, ...1770
cholesterol vs. saponin, on intestinal absorption of drugs,....18545
on tumor growth,..........19118
Congo red vs. curare, in frog,...7310
curare vs. insulin, on hyperglycemia, ...13300
ephedrin vs. cocain, on blood pressure, ...13098
ephedrin vs. ergotamin, on blood pressure, ...19147
ephedrin vs. yohimbin, on blood pressure, ...13288
epinephrin vs. caffeine, on sympathetic nervous system, ...13252
of epinephrin vs. ephedrin, on heart, ...1729
epinephrin vs. ergotamin, on blood pressure, rôle of Ca in, 19273
epinephrin vs. pituitary extract or histamin, on tonus of heart, ...*19176*
epinephrin vs. quinin or quinidin, ...1758, 7398, 7399
epinephrin vs. rutamine on smooth muscle, ...*19289*
epinephrin vs. yohimbin, on respiration, ...13135
glucose vs. cyanide, in molasses, ...*19108*
histamine vs. atropine, on salivary glands, ...19236
histamine vs. pilocarpine, on salivary glands, ...19236
insulin vs. curare, on blood sugar, ...19804
insulin vs. pituitary extract, in hypophysectomized dogs, ...7275
insulin vs. pituitrin, on blood sugar, ...13078, 13089
in diuresis, ...18656
insulin vs. thyroid, pharmacology, ...19157
of ions vs. drugs, on heart,......7390
morphin vs. lobelin, in rabbits,..7396
on muscle, ...19251
nomogram for, ...7358
of pancreas vs. thyroid secretions, ...12783
picrotoxin vs. narcotics, in mice, 7423
pilocarpin vs. epinephrin, on heart, ...1700
K vs. *codeine or amidopyrine,* in convulsions, ...13319
quinidin vs. digitalis, on heart,..7289
of sex vs. growth hormones of anterior *pituitary,* 12677
of sex hormones. (See under *Sex hormones.*)
smooth muscle stimulants, on pigeon crops, ...19181
strophanthin vs. cardiac poisons, ...19184
thyroxin vs. ergotamin, on organism, ...*13017*
of thyroxin vs. insulin, effect on cellular sugar utilization,....5923
tyramine vs. cocaine, on circulation, ...7472
veratrin vs. ion, on muscle contraction, ...7388, 19247
assays, book, ...5708

content of adrenal glands. (See under *Adrenal glands.*)
cutaneous vascular reactions to, denervation as affecting,..........7100
determination methods for, 6428, 18088
diet deficiencies, movements of intestine as affected by,..........18551
effect on:
adrenal secretion, ...6491, 7312
anaerobic metabolism of heart, 7046
bile secretion, ...13377
blood and urine phosphate,.....5799
blood amino acids,...........12514
blood Ca, ...7422
blood Ca distribution,........12438
blood Ca and K in pregnancy, 18914
blood of children,............13111
blood gases in asthma,........13271
blood pH, ...13214
blood pressure, ...7242, 7243
$CaCl_2$ and atropin as affecting, ...19120
in diphtheric intoxication,...18689
blood serum peptidase,.......18289
blood sugar, ...7204
in eviscerated dogs,.........1640
in tuberculosis, ...7437
blood vessels, ...19200
after adrenalectomy, ...7290
of cerebrum, ...7391
denervated, ...1728
of muscle, ...13182
Na barbital action on,......13029
capillaries of muscle,.........13147
carbohydrate metabolism in fasting rats, ...13091
cerebral circulation, ...7044
chromatophores of cephalopods, 19041
chromatophores of frog,.......19216
circulation rate, ...13001
color patterns in goldfish,.....12853
coronary circulation, ...19806
decerebrate animals, ...13140
earthworm muscles, ...19199
edema, ...19823
fat formation from carbohydrate, ...12198
fat metabolism, ...12286
fatty infiltrations of liver,......18378
gall bladder strip,.............1281
gas exchange and circulation,..13118
in encephalitis, ...13130
gastric acidity, ...19035
glaucoma, ...7482
glomerulus of frog's kidney,....7430
glucose adsorption in diabetes,..7849
glycogen distribution, ...18597
glycogenolysis, ...18319
growth of tadpoles,...........1416

Epinephrine (*continued*)
effect on (*continued*)
heart, ...7216
chloral hydrate affecting,.....1770
and coronary blood flow,.....7180
and intestine, vagus stimulation and, ...1601
mechanism, ...7497
sparteine as affecting,......19245
after thyroidectomy, 13194, 19297
heart of athletes,............13177
heart arrhythmia of psychic trauma, ...7088
heart auricle tonus,..........19176
heart metabolism, ...1669
heart power, ...7089
heart rate, and conduction after denervation, ...7036
of *Daphnia*, ...7078
and pulse wave velocity,......7053
heart regions, ...7291
heart rhythm in block,........7123
heart tonus waves,...........19310
hepatic circulation, ...7347
hepatic secretion rate,........6211
hepatic water balance,........7409
hexose-splitting enzymes of rabbit muscle, ...17985
insulin secretion, ...1446, 13383
intestinal activity, 6212, 7254, 7279
intestinal muscle, ...6901
intestinal volume, ...13373
intra-ocular pressure, ...19296
ketone metabolism, ...18784
ketosis in phloridzinised rats,..7179
leucocyte count in children,...13081
leucocyte motility, ...12462
leucocytes, ...13116
meninges permeability, ...7987
morphin stimulation of intestine, 7476
muscle chronaxie, ...7197
muscle contraction due to dorsal root stimulation, ...19026
muscle contraction height,.......6927
muscle electrolytes, ...6902
muscle fibers, ...6913
muscle respiration, ...6353
muscle sugar mobilization,.....13143
muscle temp. after hepatectomy, 7222
pancreatic hormone in blood,...6415
perspiration, ...12139
phagocytic capacity of reticulo-endothelium, ...6441
phosphate loss from heart,.....7268
P partition in muscle,.......19292
plant growth, ...17953
platelet clumping, ...18229
postpartum sterilized horn of uterus in rabbit, ...18888
protein sugar of blood,........18242
proteinic sugar and hyperglycemia, ...12508
reducing power and alcoholic fermentation of yeast preparations, ...17814
regeneration in plants,.......17953
renal vessels, ...18818
in anaphylactic shock,.......18771
renal secretion, ...6814
respiration, ...7369
R. Q. and O consumption,......7457
retinal arteries, ...13292
sarcoma of rats,..............8184
Ag reaction of ovarian cells....21884
skin capillaries, ...13117
smooth muscle, drugs as affecting, ...19198
smooth muscle spasms,........19181
splitting of H_3PO_4 in autolysis of tissues, ...13256
stomach movements, factors affecting, ...12702
sympathetic nerve endings,.....7182
ergotoxin action on,.........13358
ureter of non-gravid and gravid animals, ...13308
urinary bladder, cystometric study, ...19284
uterine contractions, ...18866, 19293
uterus and blood vessels,......13344
uterus treated with ♀ sex organ extracts, ...6453
water balance in nephritis,.....6547
work metabolism, ...12655
ergotamin as affecting cardiac acceleration by, ...19090
and ergotamine, vasoconstrictor action compared to irradiation,..11908
excretion, ...13349
glycosuria from, ...13252

Epinephrine (*continued*)
heart lesions from, blood pressure a factor in, ...7191
heart sensitivity to after removal of endocardium, ...7024
hyperglycemia, ergotamine action on, ...13115
sympathetic drugs as affecting, 7345
ingested, distribution and elimination, ...18638
inhalation, effect on asthma,.....19339
insulin mixture, action on blood sugar, ...13078
intrapulmonary absorption, ...19301
Keith-Flack node extract action on auricle similar to,............7026
lecithin lipolysis by, cholesterol as affecting, ...18269
lung edema produced by,........19705
minimal effective dose,...........7243
molecule, derivation of side-chain from choline, ...18269
motor action, guanidin derivatives as affecting, ...19121
mydriatic action, ...13358
occurrence in fetal adrenal gland, 15800
oxidation, ...1744
in commercial solutions,......12769
acid solvents as affecting,...12771
photo-oxidation, ...12772
preservatives as affecting,...12770
by light, ...19382
perfusion pressure as affecting vasoconstrictor action, ...1777
peripheral action, effect of organ extracts on, ...7462
photodynamic substances as affecting, ...7411
preparation and assay,..........6429
pressor effect, massage as affecting, 7366
production, in chick embryo,....12729
psicaine synergy, ...13167
reaction, variability, ...19344
reflex action on heart rate mechanism, ...7073
regional gradients in response of turtle heart to, ...19285
rôle in asphyxial hyperglycemia, 12605
in control of excitement pallor in reptiles, ...19027
in effect of splanchnic stimulation on blood pressure, ...6866
secretion. (See *Adrenal glands, secretion.*)
secretion from adrenal graft, factors affecting, ...12698
sensitivity, of blood pressure and intestine motility, ...13107
Folia trifolii fibrini glucoside as affecting, ...7375
sympathicotonia and vagotonia in relation to, ...6817
source in elasmobranchs,........12714
splanchnicotomy as affecting action, ...19215
sugar synthesis from fat after injection, ...12179
suprarenal, diphtheria toxin and,..1968
in urine, after painful stimuli,....6450
vaginal absorption, ...1511
vagotropic effect, ...7415
vagus and splanchnic section as affecting blood sugar response to, 1571
vaso-dilation effect, ...7367
vasomotor reactions caused by,...13359
vasomotor responses to,........18617
ventricular fibrillation caused by, in chloroform anesthesia, vagus tone as affecting, ...6860
Epinotia nanana, in New York,.....20764
Epipactis (p.2263 [1]), syn.,..........2987
latifolia f. *alba* (*Amesia l. f. a.*),...2988

vitamin E as affecting, rats, ...1234
Fertilization. (See also *Conjugation; Egg(s); Embryology; Fertility; Parthenogenesis; Pollination; Reproduction; Sperms.*)
cross-. (See *Hybridization; Pollination.*)
selective, book, ...323
animal, age of gametes as affecting, in *Cumingia*, ...1500
artificial, by way of ovarian bursa, ...6623
of queen bee, ...14841
biochemistry of, ...6593
colloidal changes in sea urchin egg during, ...5382
dispermic, in *Drosophila* mosaic, 375
effect on O consumption of *Fundulus* eggs, ...6281
of *Fundulus* egg, intracellular pH before and after, ...11809
lactic acid formation in *Arbacia* eggs after, ...12200
membrane, formation, of *Arbacia* eggs, electric resistance and surface impedance in relation to, 11681
and physical properties of, sea urchin, ...5382
of *Strongylocentrotus*, nature of, 5376
paedogamous, in *Dallasia frontata* (ciliate), ...9915
rôle of oviduct cilia in, ...18891
in sea cucumber *Stichopus*, ...3399
in sea urchin egg, centrifuging sensitivity immediately following, ...9911
self-, in annelids, ...3502
by sperm without prostate and seminal vesicle secretions, in guinea pig, ...12848
of stained sea urchin eggs, ...22042
in Tardigrada, ...16226
time of, in pig, ...6553
vitamin A as affecting, ...6044
plant, in *Achlya* (fungi), ...21441
in angiosperms, review, ...9590
catalyst, *Verbascum* pollen as, for tobacco, ...17913
double. (See also *Endosperm; Embryosac; Xenia.*)
in angiosperms, review, ...9590
in rice, ...9627
in *Myosurus*, ...4474
in *Oenothera*, age of plant as affecting, ...11008
in *Petunia*, ...4448
prevention in flowering plants, physiological and morphological consequences, ...8078
in rice, autonomy of ♂ and ♀ nuclear elements in zygote, ...9627
self-, in cherries, and flower improvement, ...4570
in *Cucurbita*, ...11087
in sugar beet, ...9615, 15607
Fertilizer(s). (See also *Manures; Soil;* under fertilizer ingredients, e.g., *Potassium, Lime, Phosphate;* etc.)
acid, effect on garlic in wheat, ...21001
for acid soil, sugar beets and, ...20974
added to ponds, effect on fish culture, ...4749
alum, for alkali soil, ...15002
NH_3 loss in limestone and dolomite mixtures, ...8947
ammonium sulphate as, after manure, ...8859
for apple trees, effect on aphid injury, ...2389
for apples, ...11523, 21177
application in plat tests, apparatus for, ...21084
for barley, varietal tests, ...21012
blast furnace slag as, ...8980
Ca as, for alfalfa, ...11495
for alkali soils, ...5185
water capacity of soil and, ...2596
$CaCl_2$ as, ...11478
$Ca(CN)_2$ as, ...20985
carbonates, for Ca poor soils, ...21101
CO_2 as, ...17791, 21184
book, ...5213
and cinchona, in Indo-China, ...8988
for citrus, field test technique, ...15051
sulphates causing leaf injury, ...17937
for cotton, ...14915
in Mississippi, ...20971
in soil types, ...8862
cotton burrs as, ...21052
in crop rotations, No. Carolina, ...21153
on sandy loam soil, ...2666
effect on:
alkaloid accumulation by *Lupinus*, ...17791
apples, ...11523
composition of hay, ...14946
cotton boll size, ...20982
cotton diseases, ...14934
crops, ...21062
relation to drainage, ...2597
invertebrate fauna of soil, England, ...8668
legume-nodule bacteria, ...14684
mangolds, ...14938
P in soil solution, ...15030
plant composition, in gooseberry, ...17824
soil pH and nitrification, ...15023
soil N, ...15009
sugar metabolism of plant, ...17827
water economy of wheat, ...17874
water relations and root-shoot ratio, in wheat, ...5196
experiments, method, ...21066
probable error in, ...2572
fly breeding in, Ceylon, ...8756
in forests, in Denmark, ...15147
forest litter as, ...9124
for forest nurseries, ...2769
in forestry, ...21355
for gooseberries, ...21243
for grapes, influence as measured by foliar diagnostic, ...15090
human feces as, bacteriology and parasitology, ...20551
I as, ...14930, 21003
I compounds as, ...11510
I content, effect on I in plants, ...20930
lime. (See *Lime.*)
lime phosphate for rice, ...20972
limestone, with N fertilizers, ...8947
Mn as, ...21108
manual, ...21017
mineral, effect on vitamin B of wheat, ...6070
mineral and green, for wheat, ...21090
mixed with grass seed, effect on germination, ...2658
needs, triangular system for determining, ...2632
night soil as, bacteriology and parasitology, ...20551
nitrate, effect on N metabolism in cherry, ...781
types compared for beets, ...2598
nitrogen, application time as affecting wheat proteins, ...2576
availability and effect on pH, ...14964
deficiency, effect on plant metabolism, ...5192
effect on flower color, ...5247
on soil pH, ...8953
after organic manures, ...8859
for potatoes, ...2656
Fertilizer (*continued*)
nitrogen (*continued*)
for rubber trees, ...2733
for sugar beets, ...8928, 21013
N, slag, and lime in, pH correction after, ...8954
paper mulch as crop stimulant, ...2578
for pastures, value, ...8879
peat in, ...15003
phosphates as, ...2620
lettuce yield as affected by, ...15066
new experimental comparison of, 2557
plot tests, ...8880
relation to SiO_2 of soil, ...2609
solubility, acid salt as affecting, 2574
tertiary, solubility, ...21165
phosphoric acid, deficiency effect on plant metabolism, ...5192
phosphorus, availability, bacteria in relation to, ...20595
deficiency, effect on plant growth, ...17795
new, culture trials, ...2557
unavailability from rock phosphate, ...20981
for pomegranates, effect on alkaloids, ...15257
potash, effect on:
microorganisms of soil, ...2291
soil pH and N availability, ...14964
soil and plant reactions and soil bacteria, ...8897
K, availability in manure and chemicals, ...2640
effect on yield and physiology, in potatoes, ...5201
K and Mg as, effect on various crops, ...5195
principles, book, ...21036
requirements for soils, determination, ...21107
for Rhode Island soils, ...21023
for rice, ...2569
root development and, in vegetables, book, ...15131
for rubber, ...9097
for rye, in Russia, ...14955
silicon as, ...17776
silkworm pupae as, ...2470
for sisal, ...8874
sodium nitrate as, after manure, ...8859
sodium salts as, ...21194
soil bacteria in relation to, ...8546
soil needs for, book, ...15008
solubility, acid salt as affecting, ...2574
sorghums as, ...20992
for soybeans, ...2556
straw, dry, effect on crop yield, ...20986
for strawberries, ...21179
street-sweepings as, ...21131
for sugar cane, ...8906
in Philippines, ...8912
S as, ...21050
for alkali soil, ...15002
availability of forms of, ...20592
effect on bacteria and crop yield, ...21000
on soil P solubility, ...21044
for tobacco, in Philippines, ...14971
for tomatoes, ...5191, 15095
rôle of phosphorus as, ...11500
tree growth and, ...15186
for truck crops, ...15062
in rotation, ...2688
types, effect on botanical composition and yield of grasslands, ...8883
on soil organic matter, and N fixation, ...2637
urea in commercial mixtures, ...8858
use and effects, book, ...15021
value of feeds as, ...2552
for vegetables, in Mississippi, ...15130
tests on, ...8981
water solubility of phosphoric acid in, ...8884
for wheat and barley, in Arizona, ...8860
for wheat, oats, and maize, optimum ratio of constituents, ...693
Zn as, ...11475
Fertilizin, ultraviolet as affecting production of, ...18042
Ferula (p.2265 [8]) ***paucijuga (Johrenia)***, 3057

Insulin (*continued*)
effect on (*continued*)
hepatic and portal blood sugar and pH, 12450
hexose-splitting enzymes of muscle, 17985
hexose utilization by *Paramecium* and *Spirogyra*, antagonism to thyroxin, 5923
hypophysectomized dogs, 19168
iris muscles, 19275
isolated heart, 7432, 13062, 13367
ketonuria in children, 7267
ketosis in diabetes mellitus, 19789
lactation in women, 12810
lactose secretion in milk, *19123*
levulose metabolism, 18311
liver fat metabolism, 5964
liver water balance, 7409
malaria, 13845
metabolism, in anesthesia, 1093
in diabetes, 19695
in normal rabbits, 13203
of placenta, 13099
muscle glucose in vitro, 19139
muscle metabolism, 12188
O consumption of muscle, 7176
pancreatic output of enzymes, 19651
phagocytic function of reticulo-endothelium, 6441
H_3PO_4 in blood and urine, 19115
pigment in fish scales, 13365
pilocarpine action on blood sugar, 13072
protein metabolism, 13179
respiratory quotient, 7362
in fasting animals, *13086*
and metabolism in heart-lung preparation, 13040
serum peptidase, 18239
splitting of H_3PO_4 in autolysis of tissues, 13256
sugar consumption of isolated heart, 19114
sugar distribution in corpuscles and plasma in diabetics, 19819
sugar metabolism in plants, 11531
in protista, 5220
sugar and N elimination in phlorhizin diabetes, 1727
thyroid activity changes as affecting anoxemia, 19863
thyroid induced metamorphosis of amphibian larvae, 18631
Trichinella invasion, 20297
unoxidised substances in urine of diabetics, 18773
urine excretion *in diabetes*, 7333
water balance, 1162, 13187, 18657
in nephritis, 6547
water reserve in dogs, 19151
electrodialysis, 6514
fattening, study of, 18372
of fetus, in maternal diabetes, 19728
formation, carbohydrates stimulating, 18637
glucose equivalent, variations in, 19270
glucose fixation and, 12189
d-glucose stereo-isomeric transformation by, 5945
glycolytic action compared with pancreatin, 18692
in hepatopathics, 1746
hormone antagonistic to, rôle in diabetes, 6384
hypoglycemia, factors affecting, 12195
injected into fetus, effect on maternal blood sugar, 6669
intestinal absorption, saponin as affecting, 7348
intracutaneous action, 7253, 7355
intraperitoneal injections, effect on blood sugar, 13307
-like substances, in bean, *13178*
neutralization by erythrocytes, 13228, 18229
passage from cerebrospinal fluid to blood, 7469
pharmacology of substances similar in action to, 7266
by portal vein, effect on blood sugar, 13126
preparation method, 11934
and properties, 7237
rabbits' response to, 13095
reactions, blood sugar in cells and serum during, 7263
reflex production on sugar ingestion, 5891

Insulin *(continued)*
relation to calorigenic action of epinephrin, ...7457
relation to guanidine, ...19102
secretion, ...6402
as affected by:
carbohydrate assimilation, ...7986
epinephrin, ...1446, 13383
glucose, ...12690
glucose and insulin, ...13173
post-pituitary extract, ...12705
secretin, ...18715
vagus nerve, ...18652
glucose as hormone for, 1405, 6401, ...6403
in intestinal hyperglycemia, ...1939
after pancreas transplants, ...12682
after vagus stimulation or portal ligature, ...6352
sensitivity, after adrenalectomy, ...6367
after thyroid and adrenal ablation, ...6366
serum activation, ...19333
shock, in fish, normal blood sugar level as affecting, ...12446
standardization, ...13119, 13204
substitutes, ...13120
sugar disappearance and, ...12172
sulphur in, ...1706, 12672
susceptibility in rabbits, spp. variation, ...1697
synthalin a partial substitute for, 7265
uric acid reagent as affecting, ...1723
urinary content, ...18659
use in hyperemesis, ...18927
vaginal absorption, ...1511
vagus and splanchnic section as effecting blood sugar response to, 1571
vagus nerve regulation, ...1417
Intelligence. (See also *Ability; Behavior; Feeblemindedness; Idiocy.*)
brain morphology and, ...3285
correlation with susceptibility to allergic diseases, ...17411
of dog on verbal command, ...6761
general factor in, measurement of, 431
genius, as a biological problem....17442
inheritance of, ...11120
growth of, in infants, ...12855
inheritance, of literary and artistic ability, ...4634
in man, ...4640
low, hereditary, ...378
mental tests of children of Brazil, 3276
in students, tobacco smoking as affecting, ...13109
Interfaces, orientation of molecules at, ...5857
Interfacial phenomena. (See *Colloids; Surface activity; Surface tension;* etc.)
Interference. (See *Linkage; Crossing-over.*)
Interferometer, blood enzymes determined by, ...5432
blood examination by, ...5624
cancer diagnosis by, ...13865, 14028
pregnancy diagnosis by, ...14028
Interpolation, methods of, book, ...435
Intersex(es). (See *Sex, intergrades.*)
Interstitial tissue. (See under organ concerned, e.g., Ovary, Testis, etc.)
Intestine. (See also *Digestive tract.*)
abnormal distention, in infant, ..3380
absorption, of acids, hemolysis from, ...12386
of botulinus toxin, 14447, 14448
of Ca, effect of saponin on, ...7198
of Ca salts, ...12474
diets of high and low residue, 1263
of dye, ...5364
of fat, gall bladder emptying as affected by, ...1254
of food, interpretation of Mingazzini phenomenon, ...6235
saponin and cholesterol as affecting, ...18545
of whole proteins, anaphylaxis and immunity in relation to, ...14080
activity, snake venom action on, 13868
adenomyosis in, ...7523
as affected by:
antipyriliminopyrin, ...7857
bromalhydrate and chloralhydrate, ...19203
Cl, ...19256
chlorophyll, ...19173
cocain, ...7389
cocaine isomers, ...18167
colocynth, ...7809
drugs in chickens, ...19815
Intestine *(continued)*
as affected by *(continued)*
drug combinations, ...19198
furfurmethylamine, ...13127
inanition, ...1855
liver dialysate, ...12696
pituitary, posterior lobe extract, ...6424
rutamine, ...19289
savin, ...7328
stimulation and drugs, ...6229
tenosin, ...19321
uzara, drugs as modifying, ..19224
vagus stimulation, nicotine as affecting, ...13247
vagus and sympathetic simultaneous stimulation, ...1601
anomalies in, ...3351
antiseptic, Ag colloid as, ...13384
bacteria of. (See also *Bacteria;* and especially under specific bacteria, e.g., *Escherichia coli.*)
botulinum toxin destroyed by, ...20043
carbohydrates in diet as affecting, ...1103, 1104
from dates, colitis from, ...14606
of duodenum, in health and disease, ...2178
passage through mucosa, ...2138
pathogenic, significance and factors influencing, ...8485
vaccination routes compared, ..8072
behavior in closed exclusion, ...7511
carcinoma, erythrocyte fragility in, ...12403
catarrh of, vibrios from, morphology and life-history, 20664, 20676
cellulose utilization in mouse after administration of cytase, ...11758
chromaffin cells of, in healthy and diseased conditions, ...9750
chronaxie and tonus, drugs as affecting, ...6908
coal dust deposits in, ...1853
contractions, ephedrin as affecting, ...13181
inhibition by amino-acids, ...7004
denervation, effect on specific dynamic action of protein, ...5903
development in chorioallantoic grafts, in chick, ...21988
diseases of, charcoal therapy, ..20634
disturbances of, enterobacillus in etiology of, ...14491
drug antagonism on, ...19251
embryonic, human, cytology of, ..286
emptying time, in scurvy, ...1237
enzymes, in fetus and newborn, 6287
in lower animals, ...11788
tripeptid digestion by, ...11718
in turtle, ...6274
epithelium, chondriosomes of, oxidation-reduction in, ...1017
cytology of, review, ...4486
factors affecting number of bowel movements in infants, ...5965
flagellates, incidence and prophylaxis in France, ...20167
humoral action of vagus stimulation on, ...6869
pH of contents, relation to diet and rickets, ...12330
detn. methods, ...5755
ileo-cecal valve, action of, ...6220
ileus, relief by spinal anesthesia, 1753
intoxication, bacterial toxins not operative in experimental, ...8409
infections of, *Diplococcus* and *Entamoeba dysenteriae* associated in, ...14523
juice, action on tyrosine compounds, ...17982
lacteals, *gall bladder emptying as affecting*, ...18547
large, movements of, endocrine extracts as affecting, ...12720
length, relation to pituitary size, ...18704
light as affecting after hematoporphyrin sensitization, ...5580
lymphogranulomatosis of, ...19859
mechanism of torsion in, comparative anatomy, ...15893
metabolism, amino-acids as affecting, ...1128
Intestine *(continued)*
motility, disorganization, and pathological changes on adrenalectomy and avitaminosis, 18483
epinephrin sensitivity, ...18107
heart drugs as affecting, ...7838
opium action on, ...7495
in scurvy and beriberi, ...1967
movement, chelidonine action on spasms, ...19101
drug action on Auerbach's plexus as affecting, ...7254
as influenced by toxins of *Bacillus paratyphosus B*, ...8421
of mouse embryo, cytology of, ..286
mucosa, anaphylactic contraction after *antigen absorption through*, ...8158
parathyroidectomy as affecting, ...18723
synthalin effects on, ...18310
tar as affecting, ...19670
nerve fibers of, anisotonic solutions as affecting, ...19309
nerves, pharmacology and staining of, ...1573
obstruction, blood chemistry, ..8003
blood chemistry of simple and gangrenous, ...1932
blood chemistry and N excretion in, ...19848
blood Cl in, ...19680
blood electrolytes, ...7811
relation to enteric excretion of cholera vibrios, ...8450
reversed gastric peristalsis, ...1247
toxicity in, ...19679, 19848
toxicity of contents of, ...19847
organic dyes staining mucosa of, after intravenous injection, ..5400
O in, in corpses and infants, ...12017
O lack as affecting peristalsis and tonus, ...6910
parasites of, in children, ...2127
elimination in lambs by feeding cow's milk, ...14421
fecal examination for protozoa, ...2115
incidence in Italy, ...20190
in Madagascar, ...2132
in N. and S. Carolina, ...8345
ova and cyst detection methods, ...20840
peristalsis, as affected by:
CO_2 and bicarbonate buffers, ...19061
coffee, ...13052
drugs, ...6901
electrolytes, ...1268
endocrine extracts, ...12720
gases and drugs, ...13255
morphin, guinea pig, ...7273
O lack, ...6910
pituitary extracts, ...7272
vagotonic poisons and adrenalin, ...6212
yeast, in rats, ...18566
mechanism of, ...6221
peristalsis and chronaxie of, factors affecting, ...12958
phosphate buffers as affecting Ca precipitation related to, ...18015
peristalsis and tonus in infants, 12341
permeability, peptidase activity of urine and serum as measure, ...11764
plexus-containing and ganglion-free preparations, drugs as affecting, ...6901
polyps of, relation to adenomas, 19546
K content, ...11887
Protozoa of, pathogenicity, ...2124
rabbit strip method for assay of epinephrin in blood, ...19316
residues, effect on rate of gastric secretion, ...6282
respiration, in *Cobitis taenia*, ...1371
respiratory function in loach, ...6841
Ringer's fluid, perfusion of, ...5498
rôle in H ion excretion, ...1277
Saccharomyces bulgaricus as affecting *microorganisms and toxins in*, ...8412
sea water as medium for, reciprocal and antagonistic ion action, ...11819
secretin distribution in, ...6508

Intestine (*continued*)
secretion vs. extracts, enzymatic activity of, ...11797
parasympathomimetic drug action on, ...7343
small, bacterial flora as influenced by diet, ...14435
mechanism of morphin action on, ...7476
squamous cell carcinoma of, ...13612
stone formation in, ...7517
tonus, gases and drugs as affecting, ...13255
yeast extract as affecting, ..18557
tonus and motility, choline as affecting, ...6207
transplants to stomach, trauma and HCl as affecting, ...19667
transplanted section of, in man, hunger movements in, ...6264
trypsin and pepsin of, determination, ...1048
tuberculosis of, retrograde lymphogenic, ...1791
tumor of, ...7564
ureteral transplantation into, blood N after, ...1289
veratrin action on autonomic nerve terminals of, ...19012
villi, extracellular fat deposition in, guinea-pig, ...12241
vitamin D as affecting P, Ca, and pH of, ...1244
volume, epinephrin action on, ..13373
cecum, anomaly of longitudinal muscles, ...9840
digestion of roughage in fowl and, ...18559
protein diet as affecting pH, trichomonads, and bacteria, ...20334
colon, carcinoma of, malignancy graded by *mucous cells,* 19521
congenital transverse megacolon, 9858
development of human, ...15778
lesions in Hirscheprung's disease, ...13421
muscular activity, carminative oils as affecting, ...7418
myomas of, histogenesis, ...13536
peristalsis, in infants, ...12342
removal, *effect on parathyroid tetany* and blood Ca, ...12730
tonus and peristalsis, normal and in *diarrhea, in infants,* 12342
duodenum, acidity effect on function of, ...12244
activity, *factors affecting,* 6419
Al solubility in, ...19252
antiperistalsis and pyloric regurgitation, ...12345
bacteria, pathogenic, significance and factors influencing, ...8435
bacterial flora, *in achlorhydria,* 14507
bacteriology of, in health and disease, ...2178
contents, I starch test for pancreatic amylase, ...5800
contents, quantitative estimation of *enzymes,* 1273
development and form, factors affecting, ...15797
*enzymes and acidity after gastric re*section, ...6214
enzyme conc., estimation and clinical value, ...6242
fluid, antiseptic and germicidal powers as influencing microflora, 8435
gastric function as disturbed by pathology of, ...18563
juice, bactericidal power of, ...6244
bilirubin in, *determination,* ...5766
obstruction of, blood studies in, 1794
pathological changes in, on adrenalec*tomy and avitaminosis,* ..18483
peristalsis, relation to mechanism of bile expulsion, ...1251
peristalsis and pyloric regurgitation, ...12345
regurgitation, effect of atropin on, dur*ing fasting,* 6256
regurgitation, effect on:
gastric acidity, *1274,* 6224, 6249
gastric contents in fasting, 6269
gastric secretion during fasting, ...6270
stomach emptying time, ...6202
...ing of gastric contents as indication of, ...6224

Intestine (*continued*)
duodenum (*continued*)
regurgitation (*continued*)
sympathetic section as affecting, ...*19035*
test meals as affecting, in gastric analysis, ...6265
secretion as affected *by ulcers in,* 18555
stenosis, pathoanatomy of, ...7815
ulcer of. (See under Ulcer.)
x-ray, in pancreatitis, ...19489
ileum, dietary effects on movements of, ...18551
diverticulum of, parietal cells and gastric follicles in, ...9863
jejunum, atresia and stenosis of, 3351
multiple diverticula in, ...3350
rectum, carcinoma of, malignancy graded by mucous cells, ...19521
constriction of, man, ...3351
temp., in exercise, ...1255
thermometer for measurement, 1056
thermometer injuries to, ...13451
Intoxication. (See also *Toxemia, Toxicity.*)
acetic acid, ...19243
alcoholic, biological diagnosis, ...13264
detn., ...7207, 7458
of mother, effect on young, ...13335
auto-, from fasting metabolism, ..12133
of metabolic products in tissue culture, ...6183
from CS_2, ...13027
diphtheric, vasomotor and adrenal-secretory reactions in, ...18689
from exclusive protein feeding, ...*18341*
food, book, ...8416
glutathione in tissues in, ...19646
from guanidine, blood pressure in, 13104
vagocardiac irritability after, ..12755
ileus, bacterial toxins not operative in experimental, ...*8409*
meat, in dogs, Eck's fistula in study of, ...1996
mescal, ...*1702*
by methyl chloride, ...13035
protein, with diets in vitamin C studies, ...*6095*
proteose, blood chlorides in, ...19680
water, pathology, ...1161
Intraabdominal pressure. (*See* under *Abdomen.*)
Intracellular bodies. (See *Inclusion bodies.*)
Intracranial pressure. (See under *Cerebrospinal fluid, pressure.*)
Intraocular fluid, pressure. (See under *Eye.*)
Intrapora (p.2274 [2]) † **irregularis** (D), 10030
Intrapulmonic pressure. (See under *Lungs.*)
Intrathoracic pressure. (See under *Thorax.*)
Intra vitam studies. (See also *Stains; Staining.*)
of capillary endothelium and lymph spaces, ...1664
Golgi apparatus, ...4480
mechanism of mitosis, ...4479
meiosis in *Lilium,* 267
of mitochondria, ...300
neutral red staining, ...5342
Intumescence(s), in kale, chemicals inducing, ...5113
in Pisum, Cladosporium pisi causing, ...17600
Intussusception, multiple, intestinal tumor and, ...7564
Inula (p.2266 [4]) *brittanica* f. **sibirica,** 9566
crithmoidus, Phoma fimbriata on, ...9302
graveolens, reputed toxicity, ...9161
hybrida v. **longifrons** (*I. crossinervis l.*), ...21691

Nerium oleander, *Corticium koleroga* on, 4963
  fungi on, in Italy, ...2866
Nerocila (p.2280[2]), notes, ...10086
  blainvillei, syn., ...10086
  laticauda, syn., ...10086
Nerophidion (p.2304[3]) *hypsirhinoides*, syn., ...10690
Nerophis (p.2302[1]) *aequoreus*, in North Sea, ...4044

Nerve(s). (See also *Nerve cells; Nerve ganglia; Nervous system; Nervous tissue.*)
acoustic, origin and structure of, 19559
tumors of, ...19559
histology, ...19536
action current, analysis of, ...873
CO_2 as affecting, ...19018
central nervous system and, ...12901
conduction velocity related to, 1576
demonstration apparatus, ...12011
equilibration and fatigue, peroneal of cat, ...6827
of motor, on afferent reflex stimulation, ...12899
of optic, on light stimulation, ...6765, ...6766
oscillographic recording, ...12042
of phrenic, during respiration, 12884
wave analysis, ...12900
relation to heat production, O lack as affecting, ...12902
stimulation frequency as affecting, ...12904
after stretching, ...6825
all-or-none law, ...6859
during stimulation and narcosis, 6839
inapplicable to invertebrates, ...5824
of annelida, giant fibers, neurofibrillar structure, ...22178
antagonism, in muscle stimulation, drug action on, ...19251
antennal, in bedbug, anatomy of, 22515
auditory, tumor of, ...7718, 7719
of blood vessels, X-ray effects on, 19083
carbon dioxide dissociation curve of, ...6904
cardiac, Ca and K as affecting, ...7157
effect on cardiac rhythm in block, ...7123
excitability measurement method, ...7038
humoral action, ...1671, 6869, 6974 .....6979, 7023, 7024, 7025 .....7026, 7027, 7028, 7029 .....7042, 7059, 7133, 12706 ..13129, 19036, 19082, 19088
reflex excitation in larynx pressure test, ...19081
sympathetic, adrenalin-like substances formed after stimulation, ...12706
afferent fibers for pain, 1667, 1668
Ca as affecting, ...7474
sensory, ...1667, 1668
thoracic, origin from thoracic ganglia, ...3229
vago-sympathetic, action in summer toad, ...7155
vagus, irritability after guanidine intoxication and parathyroid tetany, ...12755
uzarine as affecting, ...7429
changes in periarteritis nodosa, ...7649
chemistry, ...5319
conduction, as analogous to luminescent path in water containing photogenic principles, ...12894
antidromic, in dorsal roots, ...12936
in herpes zoster, ...13799
decrement, under hydrostatic pressure, ...6820
in narcosis, 6835, 6839, 6854, 6859, ...6862, 6872
rate, in *Leptodactylus ocellatus,* 19040
in reflex arc, rate and strength of *stimulus as affecting,* 12945, ...19044
relation to action potential, ...1576
reactance as affecting threshold, 19014
through reflex arc, ...6853
theory, ...5324
congenital paralysis of facial, ...22011
cranial, of lamprey eel, ...3240
motor nuclei of, histology in rat, 3228
cutaneous, recovery after section, ..6858
rôle in vascular reactions, ...7100
degeneration, mode of, in polyneuritis in fowls, ...1211
demyelinization in myelitis, ...7519
endings, autonomic, quinine and quinidine action on, ...18253
veratrin action on, ...19012
changes due to local anesthesia, 7697
in ciliary ganglion, ...3236
for cutaneous and postural sensations, ...12869
end-plates for contraction- and inhibition-nerves, crab, ...12891

Nerve (*continued*)
endings (*continued*)
of lungs, cardiac effects of serum injections due to stimulation of, ...7125
Meisner's corpuscles, regeneration, ...7637
motor, regeneration in dog, ...9703
in muscle, afferent impulses from, ...1594
histopathology in ox and horse, ...13901
and sense organs, intraprotoplasmic ramifications, ...6864
in muscle and skin of lamprey eel, ...3240
in muscle and tendon, function of, ...1575
postmortem changes in, ...13500
sensory, morphological changes from rice disease, pigeons, ...7658
in muscle of invertebrates, ..19025
number stimulated as related to *perception of difference,* 1549
for sharp and dull pain sensations from cold stimulation, 6798
of sinus hairs, rabbit, regeneration after section, ...6838
starvation and beriberi as affecting, ...19579
in ventricular muscle, ...12963
excitability, age, sex, weight, diet, anesthesia, and death as affecting, rat, ...19042
Amanita muscaria juice as affecting, ...1945
brain extracts as affecting, ...6805
chronaxie and threshold, ...6822
reactance as affecting, ...19014
determination method, ...1624
insulin as affecting, ...12930
O lack as affecting, ...6873
threshold, multipolar electrodes as affecting, ...19039
polarization by galvanic stimulation current as related to, ..1564
stimulation angle as affecting, ...12937, 12938
vagal. (See *Nerve, vagus.*)
facial, epibranchial placode of, in cyclostomes and fish, ...21867
subdivisions of nucleus, mammals, ...3234
fatigue, ...12902
in lead palsy, ...*19281*
of peroneal, cat, ...6827, 12898
fibers, degeneration following lesions of subthalamic nucleus of Luys, ...1858
of intestine, anisotonic solution as affecting, ...19309
involved in muscle sensitization to *Sherrington phenomenon,* 19026
of fossil hawfinch, ...10771
function after stretching, ...6825
glossopharyngeal, peristalsis of oesophagus and, ...1264
hepatic, vasoconstriction on stimulation, ...7056
of honeybee, histology and physiology of, ...2466
hormones, nerve poisons and, ...6479
injury, effect on function, ...6825
of intestine, pharmacology and staining of, ...1573
lesions in war wounds, ...13487
lymph sheaths of olfactory as infection route in pneumococcic leptomeningitis, ...14520
metabolism, ...19020
in activity, simultaneous O and CO_2 detn., ...12896
aerobic and anaerobic, lactic acid and NH_3 formation in, ...6829
all or none law applied to, ...1608
heat production, ...12903
by crustacean, ...19024
O lack as affecting, ...12902
stimulation frequency as affecting, ...*12904*
O consumption during stimulation, ...6823
R. Q. in O and N, ...1074
morphology of intestinal, in chick, 15825
motor, impulse discharge and action current in, ...12884
in muscle, macroscopic demonstration of, ...15768

Nerve (*continued*)
myelin sheath, structure due to properties of hydrated lecithin, ..11700
myelinization as related to behavior and coordination in opossum, ...6845
narcosis, uniformity of, ...6854, 12892
oculomotor, neurinoma of, ...13543
nucleus in human embryos, ...15805
optic, action current in light stimulation, ...6765, 6766
atrophy of, hereditary in man, 11149, ...11155
sex difference in size not due to myelin, rat, ...6871
Staphylococcus transfer from eye to eye by, ...14450
structure in Conger eel, ...6765
tumors of, ...7710
patho-histology in periarteritis nodosum, ...1851
peri-arterial sympathetic ablation by NH_3, ...1592
peripheral, grafted tumors and, ...19565
physiology and anatomy of, ...19021
recovery after section and suture, 1567
vasodilator fibers in, ...12897
phrenic, action current during respiration, ...12884
section, effect on maximal ability of muscles of inspiration, ..1377
liver modification after, ...19355
physiology, philosophical background of, ...17175
plexus, Auerbach's, drug action on, 7254
morphine action on, ...7476
neurone junctions in, ...6865
rôle in rhythmic contractions of ganglion free preparations, ...6901
development of intestinal, chick, 15825
lumbo-aortic, horse, ...9717
staining, intravenous method, ...3241
vagus-thoracic cardiac anastomoses, man, ...3229
quinin derivatives as affecting, ...19148
regeneration, in human skin, ...7637
in muscle of dog, ...9703
of non-medullated endings of sinus hairs in rabbit, ...6838
vitamin B lack as affecting, ...19724
regional contractility of muscle and, ...6878
relapsing fever spirochaete affinity for, ...14477
relation to H_2O metabolism, book, 18810
resting potential, ionic permeability of *membrane as affecting,* 1597
roots, cervical, rôle in head deviation after labyrinth extirpation, 18984
direction of lymphatic stream and tetanus toxin movement in, ...12948
dorsal, efferent parasympathetic fibers in, ...1591, 3230
lesions in tabes dorsalis, ...7661
section as affecting:
electrical excitability of muscle, ...6932
local tetanus of muscle, ...6949
muscle tonus, ...12936
vasodilator fibers in, ...12897
pseudocysts in, ...19360
syringomyelia in, ...7545
sacral, unmyelinated pain fibers, caudal anesthesia as affecting, ...1578
sciatic, chronaxie of motor and sensory fibers, frog, ...1568
vascularization of, in blood vessel dis*eases of lower extremity,* 13402
section, effect on erythema in rabbit, 990
progressive muscular atrophy following, ...*19471*
sensory, in muscle, function, ...6833
spinal, alteration in direction of growth of, salamander, ...15840
splanchnic, effect on renal secretion, ...6814
in horse, ...9718
quinin and quinidin as affecting, 1757
rôle in blood sugar regulation, 18187
rôle in renal blood flow and tonus, ...18818
section as affecting:
adrenalin action, ...19215
adrenalin and insulin blood sugar effects, ...1571
alimentary glycemia, ...19215
blood sugar, ...1488

Nerve (continued)
splanchnic (*continued*)
section as affecting (*continued*)
euphyllin action on blood chlorides, ...13031
gastric acidity, ...19035
glycamine secretion induced by glucose, ...12690
hyperglycemia of hemorrhage, ...18262
polyuria, ...13844
urethane hyperglycemia, ...1479
stimulation as affecting:
blood pressure, ...6863
nervous and adrenal mechanisms, ...6866
vasomotor function, adrenal influence on, ...12686
stimulation, at anode with short induction shocks, ...6832, 12909
drug action as affecting, ...19202
galvanic, in neurosis and hysteria, ...6923
galvanic and reflex, rhythmicity of response, ...12886
prolonged constant currents ineffective for, ...6821
rôle in initiation of intestinal peristalsis, ...6221
voluntary and artificial simultaneously, ...12912
of stomach, gastric ulcer as affecting, ...1863
reversal in *Necturus*, ...12339
summation of stimuli in, mechanism, ...1566
superficial petrosal, histology of, ..21956
supply. (See also under *Nervous system*; and under specific organs, tissues, regions, etc.)
to adrenals, bilateral nature of, 6812
to muscle in pincer of Astacus, inapplicability of all-or-none law, ...12891
plurisegmental innervation, muscle tension measurement and, 6928
to prostate in dog, ...15751
reciprocal innervation of gastrocnemius and tibialis anterior, ...19043
to rectus abdominis, ...1607
to skeletal muscle, sympathetic, 12927
to superficial musculature, in armadillo, ...9727
in *Tardigrada*, ...16226
to tumors, ...13597
synapses, continuity at, ...6864, 6865
inhibiting substance secreted at, 12939
trigeminal, relations in Craniata, 15721
trophic action on muscle glycogen, 12213, ...12214
tumor, anatomy of, ...13424
histopathology, ...13592
vagus, adrenalin secretion and, ...6836
cardiac. (See also *Nerves, cardiac*.)
irritability after guanidine intoxication and parathyroid tetany, ...12755
uzarine as affecting, ...7429
cardiac and aortic afferent nerves for pain, ...1667
effect on:
gastric peristalsis, ...6271
pancreatic secretion, ...18652
renal secretion, ...6814
endings, drug action on, Ca lack as *affecting*, ...19100
endocrines and, ...6478
epinephrine action on, ...7415
excitability, as affected by:
calcium, ...11841
cocaine, ...7187
insulin, ...13174
liver extracts, ...6982
nerve centers, ...6857
in psychic trauma, ...7083
gastric ulcer after injury of, ...19557
hyperglycemia and, ...6847
inhibition, ions in relation to, ...1574
innervation of thyroid, ...18702
pressure phenomena in coronary disease, ...12888
respiratory tonus, origin of, ...6313
rôle in:
adrenal secretion, ...6420
eclampsia, ...13802
effect of intrapulmonic pressure on heart rate, ...12921

Nerve (continued)
vagus (*continued*)
rôle in (*continued*)
peristalsis of crop and oesophagus, ...1264
protection against chloroform-adrenalin paralysis of heart, 6860
regulation of insulin, ...1417
respiratory reflexes, ...1365
section, effect on:
adrenalin and insulin blood sugar *effects*, ...1571
blood sugar, ...12552
gastric motility and acidity, 127..
glucose absorbing capacity of erythrocytes, ...12690
liver, ...19355
respiratory dead space, ...1847
urinary protease, ...6534
respiration as affected by CO_2 after, ...1375
stimulation, bronchial constriction caused by, ...6810
effect on:
cardiac conduction and chronaxie, ...7129
cerebral circulation, ...7044
chronaxie of cloaca, ...1258
chronaxie of stomach, ...1258, ...12957
heart and intestine after adrenalin, ...1601
incomplete bundle branch block, ...7151
insulin secretion, ...6352
smooth muscle spasms, ...19181
stomach contractions, ...6286
of intestine, nicotine as affecting, ...13247
muscle imbibition and, ...6933
pilocarpine action on heart during, ...19105
ultraviolet as affecting sensitivity to atropin, ...977, 11876
vasomotor. (*See also Vasomotor system*.)
control of cerebral circulation by, ...7044
rôle in diastolic filling of the heart, ...1686
supply to pulmonary blood vessels, ...7031
vestibular, degeneration after labyrinth removal, ...1547
termination in brain, rabbit, ...3242
Nerve cell(s). (See also *Nerve*.)
of autonomic nervous system, histology of, ...3239
axones, degeneration of, effects on cerebellum, ...19346
chromatolysis, in fatigue, ...6819
cytology of, review, ...4486
emulsions, reactions following parenteral or subdural injections of, ...8193
Golgi apparatus and neutral red granules in, ...4485
of invertebrates, theories of form and structure, ...9907
lesions and cytological changes in, ...19538
membranes of, state of oxidation as affecting circulation, ...7003
motor, in spinal cord motor-cell columns of rat, localization for types of movement, ...6830
myelin sheath. (See also *Myelin*.)
structure, ...11700
neurilemma, tumor from, in acoustic nerve, ...19559
pathogenic changes in paralysis, 7631
of spinal ganglion, Golgi apparatus in, ...293
structure of neurite by dark field illumination, ...306
sympathetic, adrenal tumors consisting of, ...1854
junction in ganglia of, ...6865
synapses, continuity at, ...6864, 6865
inhibiting substance secreted at, 12939
unipolar, phylogeny in invertebrates, ...9907
Nerve ganglion(a), bronchial, irritability, effect on response of bronchioles to vagus stimulation, ...6810
cerebral and thoracic, effect on respiration of dragon fly, ...19019
cervicale uteri, castration as affecting chromophil cells in white mice, ...18351
female sex hormone as affecting, 6363

ciliary, atrophy of extra-ocular muscles after extirpation, ...6842
cell types in, histology, ...3236
histology, function, and connections of, ...19034
of heart, function of, ...6980
mesenteric, anticoagulant substance extracted from, ...7240
mollusk, reticulate cells in, ...22217
pedal, of polychaetes, ...22168
rôle in insect metamorphosis, ...3621
sphenopalatine, embryology and neurohistology of, ...21956
spinal, ablation of lumbar and sacral, *muscle dystrophy after*, ...3230
effect on progressive muscular atrophy, ...19474
pseudocysts in, ...19360
staining, intravenous method, ...3241
stellate, removal as affecting body temp. control, ...1072
superior cervical, effect on nasal secretion, ...1587
sympathetic, ablation, meninges permeability after, ...7987
histopathology of, 7781, 19451, 19578
as influenced by bacteria and bacterial *toxins*, ...2060
injury from cholesterol feeding, 7553
neurone junctions in, ...6865
in rabies, ...19382
thoracic and lumbar, horse, ...9718
thoracic, origin of thoracic cardiac nerves in, ...8229
Nervous disease(s), acid-base metabolism in, ...7860
blood cholesterol in, ...7934
patho-anatomy, ...7758
Nervous system. (*See also Brain; Nerve; Nerve cells; Nerve ganglion; Spinal cord*.)
in Annelida, ...3507, 22166
autonomic, ablation as affecting serum Ca and P, ...12374
ablation as causing progressive muscular atrophy, ...19470, 19471, ...19472, 19473
action on cardiac muscle in summer toad, ...7155
atrophy of extra-ocular muscles after extirpation of ciliary and cervical ganglia, ...6842
colocynth action on, ...7309
composition in lamprey eel, ...3240
drug action on, ...13558
Ca as affecting, ...19100
in uterus, ...18856
effect on:
blood chemistry and morphology, ...1577
liver metabolism, ...5920, 5921
metabolism, ...1583
renal secretion, ...6814
examination of, by drugs, ...19037
of eye, relation to aqueous humor, ...18241
fibers, function of skeletal muscle supply, ...6971
heart and intestine as affected by simultaneous stimulation of antagonistic systems, ...1601
histology, ...3239
as influenced by non-specific protein therapy, ...19979
irradiation as affecting, ...11908
irritability, splanchnic and vagus section as affecting, ...1571
menstruation as affecting arteriole innervation, ...6678
pharmacology of, ...19271
physiology of centers of, ...12917
poisons action of, ...13036
progress and new views on, ...19015
in psychosis, ...13866
quinine and quinidine action on endings of, ...13253
rôle in:
extrasystole, ...7083
leucocyte distribution, ...7119
micturition, ...19284
specific dynamic action of protein, ...18298
Na barbital as affecting, ...7182
ultraviolet as affecting, ...977
veratrin action on, ...13047, 19012
Bryozoa, *Barentsia*, ...3532
Ca and Fe deposits in, ...7738

Nervous system (*continued*)
central, acquired activity of, pigeons, ...19013
action of acetylene and N_2O on, 13112
action of diuretics on, ...13031
action potential of single nerve and, ...12901
birth injuries, book, ...13463
changes connected with speech difficulties, ...13834
degeneration of extrapyramidal motor system in decerebrate rigidity, ...13573
development, thyroid secretion and, ...9820
excitement pallor in reptiles controlled by, ...19027
eye and olfactory organ transplants connecting with, ...1596
glucose as affecting, ...1939
glycerophosphatase and phosphorus in, ...6870
infections of, ...20456
inhibition process in, ...12939
lesions, in diphtheria intoxication, ...13654
in malaria, ...13655
mechanism for spiral movement, 1540
metabolism and antibody formation regulation by, ...12906
metabolism of lactic acid in, ...19030
metastatic carcinoma of, ...13672
morphogenesis of amphibian, ...3338
myelin, origin and chemical composition, in rat, ...15779
organizers *for, in amphibia*, ...21985
periarteritis nodosum as affecting, ...1851
permeability in convulsions, ...7990
pigment migration in Hynobius during development, ...12944
protozoal lesions in, ...19483
pyramidal system, chronaxie in man, ...12887
reflex stimulation and motor nerve action current, ...12899
respiration in dragon fly controlled by, ...19019
rôle in:
anaphylaxis, ...8181
antibody formation, ...1565
water balance, ...6523
rôle of supra vestibular centers in decerebrate rigidity, ...7120
sex glands and, book, ...6425
sleep due to decrease in afferent impulses to, ...12918
syphilis of, bladder pressure determinations in diagnosis of, 1972
temp. and humidity as affecting, 6807
tracts, efferent, from cerebellar nuclei, ...12925
fasciculus solitarius, destruction of portions of nucleus of, 3221
fronto-pontine, lesions as causing *contractures in flexion*, 7788
involved in corpus striatum lesions, ...19515
model for, ...3232
pyramidal, rôle in decerebrate rigidity, ...7120
respiratory, in medulla and pons, cat, ...6840
vestibular, degeneration on labyrinth removal, ...1547
use of infra red in microscopic study *of*, ...15754
vertebrate, physiology, book, ...5314
vital staining, ...15772
due to permeability of blood vessels to dyes, ...5338
weight regulating center in, ...1949
changes in myoclonus, ...13614
cholesterol combined in, ...6826
coleopteran, during metamorphosis, 8709
development in ascidian, ...22044
development and degeneration of, 19028
diseases of, blood sugar in, ...1944
disorders, diagnosis, meningeal permeability and, ...5852
filterable virus dissemination in, 20104
fish, Polypterus, ...4085
glycogen of, ...18682
in mammals and birds, ...12209
glycogen in tissues controlled by, 12218, ...12214
hereditary diseases of, in man, ...11153
histopathology of, in Parkinsonism, ...19501
human, anatomy of, book, ...3199
book, ...*6808*
of human embryo of 1 somite, ...21958
vs. humoral control of function, evolution of, ...12943
influence on water metabolism, ...12733
influenza as affecting, ...7670
and internal secretion, coöperation in conditioned reflex in minnows, ...12862
of invertebrates, comparative anatomy, book, ...6831
lesions in encephalitis, histology, ...*7892*
medullary plate, induction in joined half salamanders, ...9834
myelinization, behavior and coordination in opossums related to, ...6645
of Myriopoda, book, ...16074
nerve cord, ventral, in *Allolobophora*, salts as affecting orienting function, ...5502, 6750, 18951
nerve net of ctenophora, development of, ...22118
nerve ring, marginal, of *Gonionemus*, effect on temp. characteristics of pulsation frequency, ...5587
nervousness, relation to malnutrition, fatigue and, ...18421
origin in chick, ...3317
parasympathetic, alcohol and hypophysin as affecting, in chloralose narcosis, ...6210
chloralose action on, ...13289
chlorazyl action on, after intracutaneous injection, ...13217
effect on adrenal secretion, ...6475
effect on progressive muscular atrophy, ...19474
efferent fibers, in dorsal roots of lumbar spinal cord, ...1591
origin of pre- and post ganglionic nerve fibres, ...3230
rôle in bladder emptying, ...18819, ...19284
stimulation, effect on blood sugar, ...18259
temp. of submaxillary gland on stimulation by, ...18541
urticarial reaction caused by atropin *effect on*, ...*13170*
vagotonia, adrenalin sensitivity in disease, ...6817
diet effects as modified by, ...18403
glucose tolerance in, ...1965
of *Peripatus*, anatomy of, ...16070
peripheral, of lamprey, ...3240
morphogenesis of amphibian, ...3338
protozoan, review, ...22075
regulation of blood pH by, ...16011
relation to sex glands, ...12807
salvarsan combination *with*, ...*13316*
spirochaetal infections in relation to, ...14500
stages in development, ...22118
sweat secretion regulated by, ...12908
sympathetic. (See also *Chromaffin tissue*.)
ablation as affecting:
arteries, ...7648
electrical excitability of muscle, ...6932
gastric acidity, ...19035
muscle ammonia content, ...12890
reflexes of skin and tendons, 19032
activity in diphtheritic intoxication, ...18689
adrenalin action on, after intracutaneous injection, ...13217
adrenalin blood pressure reaction at *high altitudes*, ...12419
adrenalin secretion as related to, 1569
to arteries of spermatic cord and ovary, ablation as affecting sex function, ...*6878*
caffeine action on, ...7827
cardiac and aortic afferent fibers for pain, ...1667, 1668
castration as affecting, ...18851
cervical, effect on renal secretion, 6814
midbrain lesions as affecting irritability, ...1582
section as affecting:
staining of tissue by trypan blue, ...6843
urinary protease, ...*6584*
stimulation as affecting:
carbohydrate metabolism and blood pH, ...1582
cerebral circulation, ...7044
vasomotor centers and blood pressure, ...12920
diaphragm innervation by, rôle in creatin metabolism of muscle, ...1590
and diencephalon, rôle in decorticate rage, ...1562
effect on:
blood urea N conc., ...18264
cardiac rhythm in block, ...7123
glycogen release in muscle, ...12191
nasal secretion, ...1587
permeability of lacrimal glands, ...5375
skeletal muscle, ...12927
ephedrin action on, ...*13288*

Temnochilidae (*Coleoptera*), p.2290 [1]
Temnogomphus (p.2285 [3]) **forresti**, ...22675
m-flavum, *note*, ...22675
Temnopleuridae (Echinodermata), p.2275 [4]
Temnopleurus (p.2275 [4]) **australis**, ...3535
Temnora (p.2292 [3]) *brunescens*, syn., 16590
pylades ssp. **tanganyikae**, ...16590
zantus, syn., ...16590
Temnoschoita, note, ...14748
Temnostega, note, ...22389
Temnothoraci (Arthrodira), p.2300 [2]
Temoridae (Crustacea), p.2279 [3]
Temperament, relation to sudoriferous activity, ...18776
Temperature. (See also *Climate; Cold; Freezing; Hardiness; Heat; Thermal death point.*)
acclimatization to, by fish spp. and toad tadpoles, ...5543
adaptation, effect on sensitiveness to pain from overheating, ...6794
of air in respiratory passages, ...6334
alternating, effect on growth of cutworm larvae, ...979
of atmosphere, effect on heart rate and pulse ratio in Chinese, ...7025
effect on sweating, ...18772
autotomy as caused by, in *Polycelis* and *Planaria*, ...18943
bivoltinism and, in silkworms, ...8792
of blood. (See under *Blood*.)
body. (See *Body temperature*.)
of bottom deposits of lakes, ...438
cause of intersexes of *Lymantria dispar*, ...6600
changes, plankton and, ...15297
in submaxillary gland, as related to secretion and blood temp., ...18541
coefficient(s), of accessory hearts of *Notonecta*, ...7019
for blood catalase activity and destruction by H_2O_2, ...5441, 5442
of blood plasma pH, ...12379
of calomel electrode, ...18004
for cladoceran development, ...5529
of growth of sporangiophores of *Phycomyces*, ...5293
for heart rate, age correlations, 7011
in *Limulus* embryos, ...7018
for insect development, ...8669
of leucocytic migration, ...12603
for methylene blue reduction by iron, ...5599
for muscle tension development, 12979
for pulsation frequency in *Gonionemus*, ...5587
of rhythmical action of passive iron wire, ...6846
of seed killing by heat, ...11649
of starch hydrolysis, ...759
of surface tension of bile salts, ..5368
viscosity of protoplasm determined by, ...895
for water entrance into ox erythrocytes, ...18044
constant, chamber for isolated strip muscle *method*, ...5771
control, apparatus for, ...14576
depth, registration, of lakes, ...11318
effect on:
activation of cholesterol, ...1206
blood sedimentation rate, ...18190
blood volume, splenectomy as influencing, ...18247
body temp. and tail length, in rats, ...11129
cancer cells and spirochaetes, ..5562
caseinate solution transport numbers, ...11820
cell *division rate in tissue culture*, ...4484
chlorophyll formation, ...17844
chromatophore movement, cephalopods, ...19041
circulatory efficiency and central nervous system, ...6807
color patterns in goldfish, ...12858

Temperature (*continued*)
effect on (*continued*)
correlation of eye characters in *Drosophila*, ...397
crossing over in silkworm, ...17437
development, of *Ascaris* egg, ...20437
of fish eggs, ...5552, 5558, 5581
development and morphogenesis in liverwort, ...787
diffusion and autolysis of metamorphic and pigmentation principles of the pituitary gland, ...12754
Diptera larva, ...22466
disease *susceptibility*, ...983
enzymic processes in muscle, ...6876
flax fibre in Russia, ...8886
gas adsorption, ...12643
gastric peristalsis, ...1609
gastric secretion quantity, ...18553
gonads, ...18923
growth and form of *Helminthosporium* spp., ...4971
guinea pig sperm fertility, ...12848
hair growth, ...6837
heart rate, of trout larvae, viscosity changes as factor, ...12985
in turtles, ...12952
hemoglobin aggregation, ...12625
hemolysis by $FeSO_4$, ...13236
hibernation of frogs, ...12297
immunity to O poisoning in turtles, ...7255
industrial efficiency, ...994
insect migration, ...4775
involution forms of bacteria, ...14637
iris muscle, ...19275
latent period of light perception, 5544
life cycle stages in Drosophila, ...374
life cycle of *Thrips tabaci*, ...2404
longevity of oyster in air, ...5547
maturation of Orthoptera, ...3999
metabolism, of aquatic insects, 5909
of sugars and amino acids, ...1393
movements of leech, ...6743
non-disjunction in *Drosophila*, ...301
osmotic pressure, suction force etc., in plant, ...663
ovary transplants, ...6709
Oxalis, ...793
O and CO_2 tension in tissues, ..18017
O consumption, of Ascaris eggs, ..5528
of insect eggs, ...6330
in photo-oxidation of serum and casein, ...5533
O consumption and body temp. of hibernating hedgehogs and moles, ...18290
oyster growth, ...1192
pain sensitivity of dental pulp, 7292
peripheral blood vessels, ...7171
pest emergence, formula for determining, ...20774
phosphoric acid formation in muscle fatigue, ...12949
photo-electric cell, ...5672
pigmentation in grafts, Himalayan rabbits, ...8342
plant growth, ...17836
population growth of *Moina*, ...6717
properties of casein, ...11893
protozoan succession in cultures, ...22069
rate of gene *mutation*, ...17443
reproduction in *Hydra*, ...22129
reproduction rate in water flea, 6718
respiration in *Caudina*, ...6331
respiratory-disease mortality rate, ...2227
rhythm of hypnosis in vertebrates, ...18945
sensitivity of eggs to x-rays, ...973
skin pH, ...5524
soil management in Germany, ..21034
spawning and development of lamellibranch molluscs, ...987
sperm motility, ...6684
surface tension of physiological fluids, ...917
survival of leucocytes in vitro, rabbit, ...12549
susceptibility of wheat to rust, 4958
swallowing, ...6218
swelling in wheat, ...661
toxicity, of insecticides, ...8779
of potassium chloride for lactobacilli, ...8577
vacuoles and plasma of *Paramecium*, ...5568

Temperature (*continued*)
effect on (*continued*)
velocity of dark adaptation, ...18944
velocity constants of growth in Cladocera, ...1183
viability of chick embryo, ...14225
viscosity of serum, ...1295
vitality of *Spirogyra*, ...11494
water loss during incubation of eggs, ...12294
wheat rust epidemics, ...5004
wing *curvature of Drosophila*, ...17410
wing development in aphids, ..18069
wing length, in Drosophila, ...17444
winter range of birds, ...485
yolk absorption in chick, ...14908
effective, in relation to work capacity, ...1381
in Finland, diurnal changes, ...11173
flora of Germany in relation to, ...552
of forests, exposure and, ...21277
gradient, effect on developing frog's egg, ...6740
insect size and, ...16735
isotherm value for gas adsorption by solid adsorbents, ...6336
of lakes in Iowa, ...4900
limits for life, osmotic pressure of medium *as affecting*, ...11709
liquid air, spectrography technic at, ...11933
low, apparatus, ...18149
effect on adrenalin secretion, ..13093
effect on tumors, compared to radiation, ...11911
morphology of herring and, ...471
of muscle, measurement, ...12031
muscle contraction height in relation to, ...6927
of nasal mucosa, inspired air as affecting, ...6315
non-inheritance of effect on Bar eye in *Drosophila*, ...11162
north of arctic circle, effect on life, 982
pain sensation from cold stimulation, ...6798
pine seed source and, ...21269
position of germ plasm and, *in insect egg*, ...9912
records, of peat moss, ...4824
regulation, in bee colonies, ...8787
relations of *Melanotus*, (*Coleoptera*), ...18035
röle in:
evolution, book, ...10984
fertilization and cleavage, ...3399
insect distribution and generation number, ...16511
sensation, distribution of, ...12869
localization of, ...12873
threshold, ...6795
sensitivity, of skin, ultraviolet as affecting, ...5548
testing apparatus, ...12043
in silviculture, ...11276
of skin. (See under *Skin*.)
of *soil*. (*See under Soil*.)
stimuli, effect on neuro-vascular reflexes, ...13717
studies of Lake Okoboji, ...4746
subcortical, pine slash and, ...9048
tissue, thermoelectric apparatus for detn., ...5627
tropisms. (See *Thermotropisms*.)
viability limit for lobster larvae, ..980
of water, *Hypomesus* egg hatching as affected by, ...477
Tenagobia (p.2286 [2]) **pulchra**, ...10843
Tendon(s), afferent end organs in, function, ...1575
clamp for muscle tension measurement, ...12084
isometric tension in, ...12979
reflexes, measurement *method for*, ..6844
regeneration, ...9881
sheaths, tumors, ...7615
Tendril(s), of climbing plants, histology and cytology, ...9607
of marine algae, coiling of, ...9168
movements, electricity as stimulus for, ...11628
Tenebrio, intermediate host of *Hymenolepis*, ...20289
molitor, CO_2 toxicity for, ...1584
death by inanition, temp. as affecting, ...12186
Tenebrionidae (*Coleoptera*), p.2290 [2]
Tenebrionoidea (Coleoptera), p.2290 [2]
Tenebroides (p.2290 [2]) *mauritanicus*, habitat and dist., ...10305

Tenerus, on Cerambycidae, ...16243
Tenodera (p.2284 [3]), *Tenoderopsis* n. subg. of, ...16761
houyi, ...16761
sinensis, egg mass variations, ...10579
TENODEROPSIS (Orthoptera), subg. of *Tenodera*, ...16761
Tenosin, action on blood vessels, uterus, and intestine, ...13344, 19321
Tenotomy, ocular, effect on intraocular pressure, ...7079
Tensile strength, of liquids, experimental demonstration of, ...11466, 17965
Tent caterpillar. (See also *Malacosoma americana*.)
wilt disease, virus etiology and histopathology, ...20087
Tentaculariidae (Platyhelminthes), p.2271 [2]
Tenthredinidae (Hymenoptera), p.2299 [2]
thorax structure, ...16574
Tenthredinoidea (Hymenoptera), p.2299 [2]
zoogeography, ...17511
Tentyria cribricollis (*Pachychila*), ...16304
mairei (*Pachychila* **antoinei**), ...16304
medioxima (*Pachychila*), ...16304
Tenuipalpus (p.2283 [1]) **australis**, on citros fruit, ...22318
obovatus, on tea, life hist. and control, ...20805
ornatus, on citrus fruit, ...22318
Tenuopus (p.2297 [2]) **frontalis**, ...16363
Teosinte, cultivation and hybrids, ...21014
× maize, hybridization methods, ..4560
Tephrina (p.2294 [3]) **benguellae**, ...16651
plumbarioides, ...22627
Tephritis (p.2298 [1]) **floccosa**, ...22456
Tephroclystia (p.2294 [1]) *extraversaria* f. **zermattensis**, ...22636
plumbeolata fs. **explicata**, **lividata** and **plumbalbeolata**, ...3901
tenuiata fs. **cosequata** and **fuscosparsata**, ...3901
togata, rearing, ...3934
Tephrosia bagelli, snail control by, ..20171
macropoda, toxicity for mollusks, 14375
Teracolus (p.2291 [4]) *daira* ab. **steinmetzi**, ...10464
Teratism. (See also under structures, organs, etc., e.g., *Kidney*, *Stamens*, etc.)
cyclopia, ...3388, 22036
hereditary in man, ...11155, 17448

Testacea (Protozoa), p.2268 [2]
Testis(es). (See also *Castration*; *Cryptorchidism*; *Gonads*.)
ablation, effect on phagocytic capacity of reticulo-endothelium, ...6441
atrophied ducts of, and secretion and absorption process in testis, ...12839
atrophy, after hypophysis extirpation and tuber cinereum lesions, ...13844
atropin as affecting, histology, ...9700
of chicken, inanition and undernutrition as affecting, ...6648
creatin-phosphoric acid in, ...6906
cross-transplantation, in ♂ fowl, effect on plumage and sex characters, ...6695
cytology of, review, ...4486
degeneration, vitamins B and G as affecting, ...6094
vitamin E as preventing, in rats, ...18485
development, bursa Fabricii as affecting, ...18909
and descent of, rôle of gubernaculum in, ...3336
in *Habrobracon*, ...22045
effect on plumage of birds, ...6665
ejaculatory ducts, histo-anatomy and catheterization problem, ..21885
emulsion, injection into rats, effect on germ cell development and other organs, ...18901
environmental, nutritional, and nervous factors influencing, ...18923
epididymus, malformation of, ...3366
extract, assay of hormone, ...12719
effect on:
blood pigment elimination, ...5876
♀ secretions and fertility, ...12830
frog heart, ...7153
metabolism, ...6598
N metabolism in normal, castrated and parathyroidectomized rats, ...6628, 6629
N metabolism and genital organs after castration, and method of obtaining, ...6629
respiratory exchange, ...12736
sex characters in capons, ...18677
spermatogenesis, ...6469
wound healing and, ...18610
fat injections as affecting, ...13589
feeding, effect on tadpole growth, 6454
formation, after left ovary ablation in fowl, ...6560
Testis (*continued*)
frog, glycogen storage and spermatogenesis in sex cells and Sertoli cells, ...6591
glycogen in, ...18781
high temp. as affecting, ...6556
hormones, antagonism to ovary, ...6427
book, ...6375
effect on blood pressure, clinical value, ...1516
on comb growth of fowl, ...6360
factors in, ...18906
in human urine, ...18674
non-storage of, and motility test for, ...12827
qualitative indicator for, ...1424
quantitative effect in partially castrated cock, ...6674
secretion, route of, ...18691
hyperplasia of interstitial tissue, after castration, ...13591
hypofunction, skin capillary reaction to extract as test, ...6998
inactivity and age as affecting histology, dog, ...1081
interstitial cells, correlation with adrenal cortex changes, ...12846
function, ...12803
and fattening as affecting, in geese and cocks, gross and histologic data, ...6713
hormone production in, ...18660
number and volume, ...21948
origin of, after injury, ...6675
Fe deposits in infants, ...19884
in kidney of toad, ...3852
ligature of efferent ducts as affecting, in cat, rat, and mouse, ...6587
lipid assay in, ...18876
menformen injections as affecting, 12658
N content, of bull, ...6698
normal and cryptorchid, in dogs, ..3345
ovalbumin injections as affecting, in rats, ...6571
ovarian antagonism of, geographical difference, in guinea pig, ...6640
ovary grafts in, histology of, in guinea pig, ...6722
ovary inhibiting action of, in guinea pigs, ...6639
partial ablation, effect on comb production in cock, ...6561
pathologic, secretion and resorption process in, ...12839
of pigeons, Manoilov reaction of, 18912
pigments, ...12226
in polyneuritis, histology, ...13707
salmon, growth at expense of muscle, ...5957
seasonal changes in, correlation of anatomic and physiologic, ...1510
secretion, elimination, effect on antlers, of deer, ...6459
sensitivity compared to ovary, ...6625
spermin content of human and bovine, ...18935
testis and sperm extract as affecting, ...6469
threshold mass necessary for sex development, ...18906
tissue, cicatrix formation influenced by, ...18719
torsion of, ...9878
transplant, basal metabolism and, 5908
clinical use, ...18709
development and spermatogenesis in *Triton*, ...12793
effect on:
activity after castration, ...6687
body characters of sheep, ...1443
glycosuria, ...18724
old or castrated rats, ...6567
plumage, in fowl, ...18872
sex differentiation in tadpoles, 12782
non-viable, hormone production by, ...12827
review, ...18655
of *Triton*, oogenesis in after castration, ...1496
tumor, of fowl, ...13898
patho-anatomy of, ...1859
tuberculous infection of, ...18537
undescended. (See *Cryptorchidism*.)
vas deferens, ligation, effect on blood Ca in rabbits, ...12821
on spermatogenesis, in cat, 6587
testis changes with, ...12803
sperm passage through and storage in, ...6668
weight in scorbutic guinea pig, ...6028

Testudinata (Reptilia), p.2303 [3]. (See also *Turtle(s)*.)

iodothyrin, effect on thyroid induced metamorphosis in amphibian larvae, ...18681
as test in hyperthyroidism, ...7955
thyreodin, effect on gastric secretion after castration, ...6398
on pancreatic hormone in blood, ...6415
pilocarpin action on heart after, ...7297
thyreoglandol, effect on water balance in nephritis, ...6547
thyreophorin, effect on blood composition, ...6476
fat content of pathological, ...18528
fat metabolism disorder due to, blood test for, ...13767
feeding, effect on:
activity of thyroidectomized rats, ...12710
egg-laying in hens, ...18749
growth in guinea pigs, ...18618
growth and longevity in mice, 18706
hair growth, ...18606
heat susceptibility, ...12751
larval growth and metamorphosis of *Chironomus thummi*, ..12668
metamorphosis in Axolotls, 12722
moulting in birds, ...6508, 18748
and egg-laying, ...18634
O consumption in *Amblystoma* during metamorphosis, ...1350
platelet clumping, ...18229
plumage of birds, ...6377, 12684
plumage melanin, ...1410
senility, ...6416
tadpole growth, ...6454
fat assimilation during, ...12650
fate of thyroxin after, ...6507
I metabolism in, ...6430
in fetus, increased weight, ...6449
follicles, number and growth, salamander, ...1440, 6498
function, in birds, ...12773
dependence on sympathetic nervous system, ...1386
in methylation, ...12756
functional histology, salamander, ..6496
histclogy, inactivity and age as affecting, dog, ...1081
in vitamin E deficient ♂ rat, ..18485
hormones, assay by Axolotl metamorphosis, ...18746, 18747
effect on cerebral activity, ...18628
on parathyroid tetany, ...18661
on protein metabolism, ...18669
hydatid cyst, ...14368
hyperplastic, I absorption by, ...18735
hyperthyroidism:
adrenalin sensitivity in, ...6817
blood group incidence in, ...19952
carbohydrate metabolism in, ...18653
creatine excretion in, ...1450
creatinuria, I action on, ...7954
effect on anoxemia, insulin and glucose as affecting, ...19863
on reproduction, ...6385
emotions affecting basal metabolism in, ...18301
ergotamin as affecting, ...7211
gastric acidity in, ...19035
gastric secretion in, ...1958
hemolysis reversal in, ...5870
hyperthy oid-like complex, I effect on metabolism in, ...1980
hypothyroid cycle, relation to sex cycle, ...12659
hypothyroidism:
effect on anoxemia, insulin and glucose as affecting, ...19863
skin capillary reaction to extract as test, ...6898
stomach secretion in, ...7843
thyroid extract action in, ...12709
in infantile tuberculosis, ...19391
innervation, ...18702
iodine compounds, ...6421, 18987
iodine content, cattle, ...6892
on feeding I, goats, ...12272
local variations in, in Italy, ...18893

Thyroid gland (*continued*)
iodine content (*continued*)
relation to age and sex, fowl, . . 18607
relation to growth, skate, ...6482
Langendorf cells, secretory activity,
. 21895
lipid assay in, ...18376
metabolism, amino-acids as affecting,
. 1123
minimum, for thyroxin detection in tissues, ...6506
morphological functions, ...12788
morphology, factors affecting, rats,
. 12666
of glandular cells, dog, ...21895
poisoning, anesthesia in, ...7296
reactions, in infections, ...18608
after strumectomy, ...18651
relation to Ca and P metabolism, . .18587
rôle in:
bone growth, ...6407
cardiac output regulation, ...12660
etiology of cretinism, ...6466
heart and lung growth in rats, . .18643
liver, kidney and spleen growth, rats,
. 18644
metamorphosis of salamander, . .6496
. 6497
skin diseases, ...19825
secretion, antagonism to pancreas secretion, ...12783
effect on mydriatic and miotic substances in serum, ...6390
selective action on ectodermal derivatives, ...9820
terminology, ...1394
size, correlated with physical and mental development, ...13861
inheritance and seasonal variations, pigeon, ...1430
substance, effect on enzyme action, 5401
system of microscopic tubules in normal and pathological, man, ...21890
tissue, in dermoid cyst, ...1874
toxemia, metabolism in, ...7890
tumors, ...7780
in otter, histology, ...13932
thymus cell migration and, ...7510
weight, body weight in cattle and, 1411
in scorbutic guinea pig, ...6028
Thyroxin. (See also *Thyroid gland.*)
acetyl, effect on growth and development,
. 1738
action, ...13364
anti-, biological control, ...18590
metamorphosis retarded by, in Axolotl, ...18591
designation, ...1394
detection in tissues, after thyroid administration, test for, ...6506, 6507
diet as affecting toxicity, ...18658
diet variations as affecting action, 18401
effect on:
adrenal glands, ...12737
animals on protein diet, ...13017
autolysis and enzyme action, ...5401
bile secretion rate, ...6211
cell division, ...18730
gas exchange of rats, ...6356
glycogenolysis, ...18319
growth rate and CO_2 production of chick embryo, ...13145
hexose utilization by *Paramecium* and *Spirogyra*, antagonism to insulin, ...5923
leucocyte glycolysis and respiration,
